

BRING THE OLYMPIAD TO YOUR SCHOOL

Give your students an opportunity to test themselves, compete nationally and gain exposure beyond the classroom.

PARTNERING IS SIMPLE

- 1 Register your school
- 2 Share the opportunity with students
- 3 Tensors manages the examination process
- 4 Students write the examination at your school

WHY PARTNER WITH TENSORS?

The Tensors National Olympiad brings academic excellence, national recognition and real-world opportunities to your students. As a partner school, you get more than just an examination, you get a platform for your students to grow.

RECOGNITION

Participating schools receive visibility through the Tensors platform, with toppers recognised alongside their schools.

IIT MADRAS EXPOSURE

The top student in each class receives a free visit to IIT Madras during Shaastra, IIT Madras' annual technical festival.

CAREER GUIDANCE

The top 30 students in each class receive free career guidance from the Tensors team.

SCHOOL PARTNERSHIP

Access subsidised pricing on the Tensors School App, and top participating schools can receive sessions conducted by the Tensors team.

Empowering schools. Inspiring students.

WHAT IS THE TENSORS NATIONAL OLYMPIAD?

Tensors National Olympiad 2026 is a national-level school Olympiad designed for students of Classes 8, 9 and 10. The examination provides an opportunity to challenge themselves beyond the classroom, benchmark their academic abilities and compete with students from across the country.

THINK

Go beyond routine classroom problems

COMPETE

Benchmark yourself at a national level

GROW

Build confidence and strengthen problem-solving ability

*More opportunities. More recognition.
A stronger future for your students.*

HOW DOES IT WORK?

SIMPLE. SCHOOL-FRIENDLY. FULLY ORGANISED.

3 rd	₹2,000	₹3,000	₹5,000

Ranks 4 – 10*

Cash prizes (class-wise)

WHAT IS TENSORS?

BUILT BY STUDENTS, FOR STUDENTS.

Tensors began as an NGO at IIT Madras and grew into a student-run technology and education ecosystem combining technology, education, mentorship and social impact.

Our work sits at the intersection of:

EDUCATION

- Creating academic experiences that help students learn beyond the classroom.

TECHNOLOGY

- Building platforms and tools that make learning and assessment more accessible.

MENTORSHIP

- Helping students navigate important academic and career decisions.

SOCIAL IMPACT

- Using what we build to create opportunities for a wider student community.
